## Premium Quality Replacement Contender/G2® Barrel Pricing:

	Blued Chrome-Moly	Stainless Steel
12 inches and under	\$299	\$329
From 12 inches to 15 inches	\$349	\$379
From 15 inches to 22 inches	\$409	\$439
Over 22 inches	\$439	\$469

- All .17 calibers and stainless .20 calibers add \$30 to corresponding prices listed above
- Select calibers in blue and stainless add \$80 to corresponding prices listed above – .270, .321, .357, .358, .40/10mm, .429/44, .451

	Blued Chrome-Moly	Stainless Steel
209 x 45 and 209 x 50 Pistol	\$449	\$509
209 x 45 and 209 x 50 Rifle	\$479	\$539

### Custom Barrel Profiles for the Contender/G2®

While a bull profile is the standard for our Contender barrels, we will taper your barrel to your specifications. If a heavier barrel is what you are after you can request a profile step-up past the lock-up area – to most standard dimensions. Call with any questions.

### Custom Barrel Add-ons

Bullberry muzzle brake (integral recoil system)	\$115
Threaded muzzle for pre-purchased attachment(s) – any standard thread size with thread protection cap	\$105
Muzzleloader ramrod with belt pouch	\$40
Long spaced dovetail inserts for forearm	\$35
Drilling and tapping for scope or iron sights	no extra charge

Original Contender® and G2® action trigger adjustments are available for \$40 plus return shipping determined by zipcode. Send your frame with a signed request stating the specific pull you would like. We will not only set the pull, but also lessen the felt creep by creating a glass-smooth sear surface for optimum engagement.

### "World Famous for Accuracy"

We at Bullberry Barrel Works, Ltd. have received worldwide recognition for our sub MOA accuracy guarantee. Simply put, this means every barrel must be capable of placing five shots into an inch group at 100 yards when used with our exclusive "Woodsmith" forearm system. If this fails to occur we will repair, replace or refund the cost of your barrel.
